Reference Letter for Jackson Cranes & Heavy Haulage

17th July 2013

To Whom it May Concern,

Over the last 10 years the team at Jackson Cranes & Heavy Haulage (previously Durhams Transport) have undertaken a number of building relocation and transport projects for our company.

In my capacity as Operations Manager for these projects I have found them good to deal with and trustworthy in our dealings. The management team always offer prompt attention when any unforeseen issues arise and we have established a great working relationship. The staff on the ground offer sound communication and produce a good standard of work.

They have the capacity to undertake projects of a difficult nature, managing them well and completing them efficiently.

I would have no hesitation in recommending them as a company to carry out any future contracts you may be considering.

If you would like to discuss any aspect of working with Jackson Cranes & Heavy Haulage in more detail, I would be happy for you to contact me on the numbers above.

Yours sincerely,

Tim Parish
Manager
